

Anti-Synuclein polyclonal antibody (DPAB-DC4804)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Specificity	Overlap specific immunohistochemical staining of alpha-, beta- and gamma synucleins.
Immunogen	A synthetic peptide (conjugated with diphtheria toxoid) corresponding to human Synuclein (pan). The sequence is AKEGVVAAAEKTKQGV
Isotype	IgG
Source/Host	Rabbit
Species Reactivity	Human, Rat
Conjugate	Unconjugated
Applications	WB, IHC,
Format	Lyophilized
Size	100 µl
Buffer	Lyophilized from PBS
Preservative	None
Storage	Store at 4°C on dry atmosphere. After reconstitution with deionized water, store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

BACKGROUND

Introduction Synucleins are a family of soluble proteins common to vertebrates, primarily expressed in neural tissue and in certain tumors.

Keywords

Synuclein; Synuclein (pan)
