| <b>Immunogen</b>          | CHO Cell                                                                                                                                                                                                  |
| <b>Isotype</b>            | IgG                                                                                                                                                                                                       |
| <b>Source/Host</b>        | Goat                                                                                                                                                                                                      |
| <b>Species Reactivity</b> | Chinese hamster                                                                                                                                                                                           |
| <b>Purification</b>       | Affinity chromatography                                                                                                                                                                                   |
| <b>Conjugate</b>          | Unconjugated                                                                                                                                                                                              |
| <b>Applications</b>       | IA<br>Each laboratory should determine an optimum working titer for use in its particular application. Other applications have not been tested but use in such assays should not necessarily be excluded. |
| <b>Format</b>             | Purified, Liquid                                                                                                                                                                                          |
| <b>Concentration</b>      | Lot specific                                                                                                                                                                                              |
| <b>Size</b>               | 1 mg                                                                                                                                                                                                      |
| <b>Buffer</b>             | PBS                                                                                                                                                                                                       |
| <b>Storage</b>            | Store at -20°C. Avoid multiple freeze-thaw cycles.                                                                                                                                                        |
| <b>Ship</b>               | Wet ice                                                                                                                                                                                                   |

### BACKGROUND

**Introduction**

Host cell proteins (HCPs) are process-related protein impurities that are produced by the host organism during biotherapeutic manufacturing and production.
